

# Environmental Statement

At Custom Labels we are proud to hold the ISO 14001 environmental standard and in all off our operations we aim to:

- Continually review and improve our progress against annual environmental targets which aim to reduce our carbon footprint in different ways.
- Comply with all relevant environmental regulation that cover our business operations.
- Prevent unnecessary pollution to reduce our impact upon the environment.
- Create a positive environmental culture with our employees so that they take a similar approach in their day to day lives outside for the business.
- Commit to reducing plastic usage in our despatch operations and to also use only 'Zero to Landfill' waste collection services.
- Encourage employees to reduce their travel footprint by committing to supporting the cycle to work scheme.

This policy will be regularly reviewed by our senior management team to ensure effectiveness and improvement.
